*** A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.**

** The underwriters expect to deliver the depositary shares to purchasers on or about September 27, 2018, which will be the fifth business day following the pricing of the depositary shares (such settlement cycle being herein referred to as “T + 5”). Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade depositary shares on the date of pricing or the next two business days will be required, by virtue of the fact that the depositary shares initially will

settle T + 5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the depositary shares who wish to trade the depositary shares on the date of pricing of the depositary shares or the next two business days should consult their own advisor.
